Calgary is located along the foothills of the Rocky Mountains in Alberta at the meeting point of the Bow and Elbow rivers.

Anything is possible here. We’re an opportunity-rich city home to creative innovators, dreamers, visionaries and game changers. We’re bold and relentless in our pursuit of possibilities.

Building upon a foundation as a centre of excellence in all things energy, Calgary continues to diversify its economy with leading global corporations and innovative local companies and startups across many industries.

From global challenges like cleaner energy, safe and secure food, the efficient movement of goods and people, and better health solutions, to advancements in the creative industries, financial services and technologies yet to be discovered – Calgary is changing with the world and helping change the world.

The economic strategy *Calgary in the New Economy* sets out to achieve an ambitious vision for our city. A vision that creates long-term prosperity and opportunities for all.

Evolving through continuous engagement with Calgarians, *Calgary in the New Economy* is a path forward toward economic diversification and an economy that is inclusive and accessible for everyone.

Charting a course for a city’s economy is a challenge at any time and as global leaders we are embracing a fast-changing world with a dynamic pathway.

To ensure Calgary is positioned for the future, Calgary Economic Development pressure-tested the strategy with more than 700 community members and business leaders in 2021.

**AN INCLUSIVE VISION**

*Calgary in the New Economy* includes a vision that represents the community’s aspirations for this great city.

Calgary is a place where dreams become reality. A welcoming community that makes things happen, together. A place where creative people and innovative companies converge to make an impact and change the world.

Calgary is the place where bright minds and big ideas come together with an unmatched spirit to help solve global challenges.
INDIGENOUS RECONCILIATION

A strong Indigenous economy is vital to Calgary's long-term prosperity. Our vision for economic Reconciliation is an equitable future for Indigenous Peoples, businesses and communities.

We are committed to supporting meaningful action towards Indigenous Reconciliation and the removal of systemic barriers to opportunity.

We strive to follow and encourage adoption of recommendations in the Calgary Aboriginal Urban Affairs Committee's *White Goose Flying Report*, *The Truth and Reconciliation Commission of Canada Calls to Action* and the *United Nations Declaration on the Rights of Indigenous Peoples*.

EQUITY, DIVERSITY, INCLUSION AND ACCESSIBILITY

Equity, Diversity, Inclusion and Accessibility (EDIA) are embedded into every facet of *Calgary in the New Economy*. It aims to help dismantle the barriers that confront people from historically underrepresented and marginalized communities and create opportunities for systemic change. We hold our community accountable through reporting on metrics related to diversity in startup leadership, Reconciliation efforts, and the economic participation of newcomers and equity-deserving groups.

As a community, we are committed to making real and intentional progress across EDIA and Indigenous Reconciliation so everyone can participate in all aspects of the economy.
The strategic framework is comprised of five connected key drivers and goals that support a future-proof, sustainable economy for Calgary. Tested against global trends and through future scenario planning, these five drivers must work in tandem to create enduring prosperity.
